All I ever heard was you were a troubled child
All they ever said was you can't sit still and your mind was running wild
Lost your temper, lost your cool, Never did quite jive with school

“Cabin Visitors”

Gm _ _ **Gm/F Gm/E** _
 In the fall of twenty-fourteen right around Halloween
Bbm _ _ _ **Gm** _ _ _
 When the veil is thin, I was moving in
Gm _ **Gm/F Gm/E** _
 A log **cabin** built of pine back in 1939
Eb _ **F6** _
 I was **high** on chocolate, solitude, and wine,
Eb _ **F6** _
 and the **pleasure** of a place i could call mine
Gm _ **Eb** _
 I was **up** long into the night, everything was feeling right
F _ **Gm** _ **Gm** _ **Bbm** _ **Gm** _ _ _
 and finally I fell fast asleep (“**hoooo**__”)

Bbm _ _ _
 I **awoke** to the glow of a **full** moon overhead
Gm _ _ _
 And **gazed** out the front window from up **in** my lofted bed
Bbm _ _ _
 There were **men** walking toward me from **out** across the land
Gm _ _ _ **Gm** _ **Bbm** _ **Gm** _ _ _
 Were those **pitchforks** they were holding, or were those **guns** in their hands?
 (“**hoooo**__”)

Bbm _ _ _
 they **made** it to the door and i knew that I was trapped,
Gm _ _ _
 So I **grabbed** a banjo from the wall and started to attack
Bbm _ _ _
 I **threw** it down, it shattered, then I picked up a guitar
Gm _ _ _
That one hit its mark, but it **would** not leave a scar
Bbm _ _ _
 I had **one** banjo left, which they begged me not to bust
Gm _ **F** _ _ _ _
 They **shouted** out to calm me down: “Please listen to us!!”
Eb _ _ _
 “We just **want** to play a tune with you before the daylight comes!”
F _ _ _ _ **Gm** _ _ _ **Gm** _ **Bbm**
 _ **Gm** _ _ _
 They were **holding** only instruments, there **were** no tools or **guns**
 (“**hoooo**__”)

Gm _ _ _
 So we **played** and we played, **spirits** flying high - they said
Eb _ _ _

"we put this building up back in 1939

F _ _ _ Gm _ _ _ Gm _ Bbm

so the whole town could come to dance and play into the night
("hoooo")

Gm _ _ _
Our song was so compelling that everyone we'd ever loved

Eb _ _ _
Came running in and walking in and flying in like doves

F _ _ _
And joyfully united, as we wept and as we hugged

Eb _ _ _ F _ _ _
A voice spoke loud and clear, as if summoned from above:

Gm Gm-add9 Gm /F /E /F Gm _ _ _
Remember all the love you've ever felt, each night as you lay in bed
Eb F D7(no3rd) Gm Bbm Gm Bbm
Gm Bbm Gm

and daily song upon your lips will soothe the waking and wake the dead!
("hoooo")

Eb F Gm Gm Bbm Gm _ _ _
Many blessings on your days and nights, and blessings on the road ahead
("hoooo")

“One by One”

Drop by drop, the bucket fills
And pours over the brim
Love by love, the heart is filled
And can't go back again

C _ F _

This crazy world makes no sense at all
So much beauty, so much hurt
But if you step up and I step up
We'll find out what it's worth

There's nothing left to lose ...

Am _ G _ F _ F _

One by one
We face into the rain
And turn our flesh into flame
One by one
We breathe into the pain
You can't make fire feel afraid

C _ F _

With this remaining shred of hope
We have a choice to make
All together and on our own
Will we bend or will we break?

C _ F _

And in this brief moment of peace
Will we feed the war machine
Or will we find the strength it takes
To fall down on our knees?

There's nothing left to lose ...

Am _ G _ F _ F _

One by one
We face into the rain
And turn our flesh into flame
One by one
We breathe into the pain
You can't make fire feel afraid

C _ F _

One by one
We step into the light
And start to burn
One by one
We give into what's right
We are the tide that has turned

C _ _ _

Can't turn away anymore
We will remember who we are
Fire must spread or it disappears
Lay down your sword and your shield

D _ C _ G _ G _

D _ C _ G _ G _

Be suspicious of all that can divide us:
Politics, race, class, religion, and bias
Time and time again
I've seen that we can lift each other up
We lift each other up, we lift each other up ...

Remember how bold you were
Remember how calm and sure
Remember how everything everywhere
Everyone passed in a blur

I know I've forgotten so much
The taste, the sound, the touch
But laugh here along with me now
At all we've become

Take me to the woods again
Walk me where I've never been
Keep my eyes open, then show to them
What this all was way back when

There's so much land to heal
Open hands to feel
As far as I know
This is real

Give me a song to sing
Some old guitar to string
Give me a bell to ring, anything
That you find worthy to bring

It's the least I can do
But I give it all to you
To all of our selves, always true
